MEDIA RELEASE

NURSING HOME SAYS THANKS

A garage sale at Wimmera Nursing Homes last week was a huge success.

Kellie King, activities co-ordinator at the centre, said that more than \$1,000 was raised on the day with donations still coming in.

“We were overwhelmed with community support following the article in the Weekly Advertiser calling for donations last week. We also had strong support from past and present residents’ families and the staff at Wimmera Health Care Group.” she said.

Mrs King said that the funds raised would be used to purchase resources for residents at the nursing homes.

“We are thankful that so many people share our desire to improve the quality of life for our residents” she said.
