

## **Team Midwives Permanent or Temporary - Full or Part Time (Grade 3A – Salary from \$65,700 FTE)**

Do you have demonstrated experience working as a midwife? And are you interested in providing person centred care to mothers, babies and families?

Then we may have the position you are looking for. An opening exists to join a team of multi skilled midwives working exclusively within a model that provides continuity of care from antenatal, to birth and postnatal. There is follow through of the birth to domiciliary care in the postpartum period by the Team midwife.

Involving some on call work, you would have the flexibility of deciding how many days per week you want to work. As a member of the Team you would work solely as a midwife. Positions are also available for ward midwives if this is your preferred model of care.
